

Hello Akraino Community,

We recently had a resignation from the TSC and per Akraino rules Sections 4, 4.4.2, and 4.4.3 of the [Community Document](#), we have the option of replacing that member before the next election in the September. On March 18<sup>th</sup>, the Akraino TSC voted to have an election.

This special election has two parts. Part one is the self-nomination process. Any community member with over 20 commits, updates, or other interactions is eligible to run for the TSC. If you are interested in running for the TSC, please go to the [TSC Member Special Election April 2021](#) page and put "Yes" in the column that says Self-nominate for TSC, if not, please put "No". The self-nominating process will be open until 13 April 2021 at Noon (12:00 pm) Pacific Daylight Time. (Please let me know if there are any changes that need to be made to your name or employer)

Part two is the election itself. The voting eligibility for the special election is the same as above. In the event of a tie, we will have a runoff between the people who are tied.

There is one other Akraino rule that is important for this election and that is only one person per company may be elected to the TSC (*"Only one (1) person from any company, or a group of related companies can be elected as a TSC member at any given time. Section 4.4.3.2.1"*). In the event that the winner is from a company already represented on the TSC, the next highest vote getter will be the winner.

If you have any questions, please let me or Brett know.

Thank you,  
Aaron Williams
