REC Project Minutes 2019.07.11

Attendees

- Paul Carver
- Cristina Pauna
- Ciprian Barbu
- Ali Kerai

Agenda

- Status update
- Ciprian Barbu there were a few email threads exchanged in the last days about using vMedia functionality on ThunderX2 servers.
    - Seems like we need to update the FW on the 6 servers at UNH
    - Received some useful info from Paul Carver on his work experimenting with RedFish, which I will try to use on the ARM servers
