

REC Project Minutes 2020.05.21

Attendees

- [Paul Carver](#)
- [Tina Tsou](#)
- [Colin Hutchinson](#)

Agenda

- BluVal testing status - AMD64 - Ongoing discussions with security team across many blueprints. Lots of manual effort needed to validate flagged security issues one by one. Many upstream issues still get reported after updating all upstream components to latest versions.
- Build failure - Something seems to have changed on LF side because ISO uploads are erroring due to size, but in the past larger ISOs have been successfully uploaded to Nexus. Ticket is open on the issue.
