REC Project Minutes 2020.08.13

Attendees

- Paul Carver
- Tina Tsou
- Darrin Vallis
- Yan Wang

Agenda

Minutes

- Paul discussed the plan to do a major update of packages in REC and validate RIC functionality after the updates.
- Yan discussed a plan to run RIC/REC on Ampere Ultra platform. Darrin said that the BMC requirements for REC haven't been tested yet on Ultra platform and suggested starting with eMag would be safer. Yan is going to assume that the problems will be solvable and will work on the porting effort.
