

# API Map Work

This page was created to help coordinate work on the [Akraino API Map](#).

## MindManager Quotations

MindManager is needed to publish .mmap documents to interactive HTML, which can then be uploaded to the Akraino API Portal website (see below).

Both MindManager and Xmind can be used to create/edit .mmap documents. XMind is a lot cheaper, but won't create interactive HTML and may also be less flexible in editing (although I'm not sure of that yet).

### 1) Non-profit annual subscription

#### Corel Corporation

Discount 0.00%

Total Price USD 295.00

Grand Total USD 295.00

#### Quote Acceptance Information

Signature \_\_\_\_\_

Name \_\_\_\_\_

Title \_\_\_\_\_

Date \_\_\_\_\_

"Quantity 5" above means 5 concurrent users.

### 2) Non-profit perpetual (one-time)

- no non-profit rate available
- 1 x Perpetual License = \$448.75

### 3) Group Use Installation

The item 1) qty 5 seat annual subscription license offers an " Admin Portal" option, with a secure link for set-up. This would avoid tying licenses to individual laptops and PCs, which as per TSC discussion, may be more suitable for Akraino and other LF Edge groups over time. The downside of course is that this option requires LF Edge to pay \$295 per year to keep the group license current.

#### 4) Use with Microsoft Teams Guide

## Akraino API Portal Website

The website is hosted as an Amazon S3 bucket. Below are instructions for uploading files and S3 maintenance.
