5	Akraino CI usage survey	Eric Ball	Hello again everyone! I've received four replies to the survey now, so thank you to those who have responded! But four responses is still only a very small portion of Akraino PTLs, so we still really need more engagement. Also, I still need time in a TSC or PTL meeting to discuss the results with everyone. Is there a meeting that I could be slotted into? For those who still need to respond, the survey can be found here: https://forms.gle/ys2pHwDBVnsagF2C7 -Eric Ball

Can we reformat the page so the Tues schedule is not "squished" ?
5	Bluval vuls ubuntu 20.04 support	Todd Malsbary	Hello, I have a Jenkins job configured to run the Bluval tests and it appears that Ubuntu 20.04 is not supported by the version of Vuls in the akraino/validation:os-amd64-latest image. It looks like it's missing an oval_ubuntu_20.sqlite3 file. Is there a more up-to-date image I should be using? More details: the job runs https://raw.githubusercontent.com/akraino-edge-stack/ci-management/master/ijb/shell/run_bluval.sh, patched to pass "--tag amd64-latest" to blucon.py. Thanks, -Todd
